

Workshop at the RTIP2R (Dec. 20, 2018)

Pattern Analysis & Machine Intelligence (PAMI): Document understanding to healthcare

Speakers

KC Santosh, PhD

Senior Member, IEEE
Assist. Prof. and Grad. Program
Coordinator
Department of Computer Science
University of South Dakota
Email: santosh.kc@ieee.org
Web: <http://kc-santosh.org>

Nibaran Das, PhD

Department of Computer Science
and Engineering,
Jadavpur University
Kolkata-700032
Email: nibaran@gmail.com

Sameer Antani, PhD

Senior Member, IEEE
Staff Scientist, US NLM
National Institutes of Health
Email: sameer.antani@nih.gov

Ravindra Hegadi, PhD

Senior Member, IEEE
Professor and Head
Department of Computer Science
Solapur University, Solapur
Email: rshegadi@sus.ac.in

Date, time and venue:

Dec. 20, 2018 (date)
10:00 to 17:00 (time)
Room # 202, School of
Computational Sciences
Building (venue)
Solapur University, Solapur

Workshop schedule (10 AM to 7PM)

Series 1: Talks and Demonstrations

KC Santosh, PhD

- 1) Document content exploitation (10:30 to 11:30)
- 2) AI in healthcare (12:00 to 13:00)

Break for lunch (45 mins)

Nibaran Das, PhD

- 3) Deep learning basics (13:30 to 14:00)
- 4) Demonstration: handwritten character recognition, image segmentation and microscopic image recognition (14:00 to 17:00)

Break for snacks and tea (15 mins)

Series 2: Discussion and networking

KC Santosh, PhD, Nibaran Das, PhD and Sameer Antani, PhD

- 1) AI, Image Analysis, Machine Learning, Health informatics, Medical Imaging (17:30 to 19:00)
Event Coordinator: Ravindra Hegadi, PhD

Register as soon as possible. Use the following conference link for registration: <http://rtip2r.org/2018/register.html>
